
I've never been to an art supplies store before...!
There wasn't one in my hometown.
I also haven't been to such a big one— It'll be fun—!

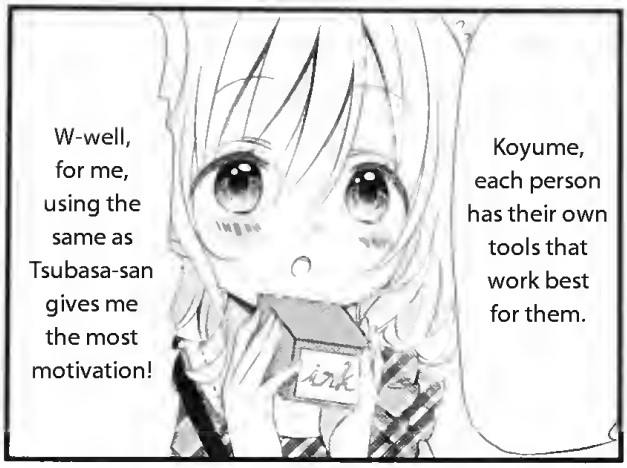
Look, look Rukki Rukki look look Rukki look
Rukki?
Like when she finds a very interesting manga,
or at a book signing event with a favorite mangaka.
It's cute to like manga so much!!



W-well, for me, using the same as Tsubasa-san gives me the most motivation!
Koyume, each person has their own tools that work best for them.

the arms, the legs!!
Way to pay attention to reality, Ruki-san!

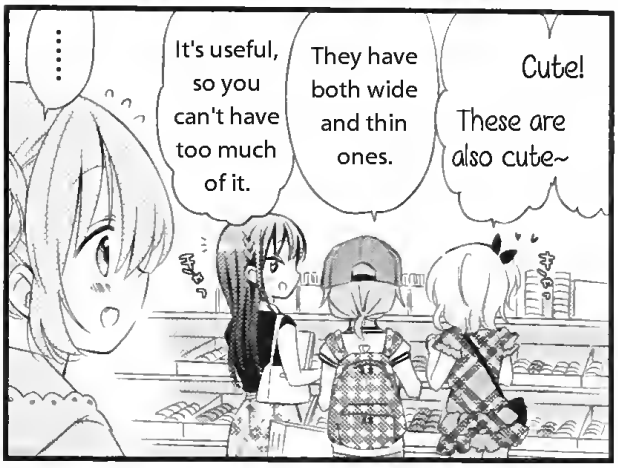
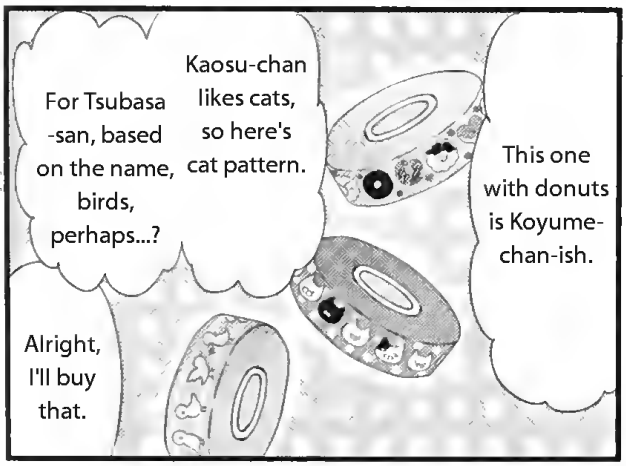
For me, just getting to see what everyone buys is already fun!
Sorry for only talking about things you don't understand, Kaosu-chan.

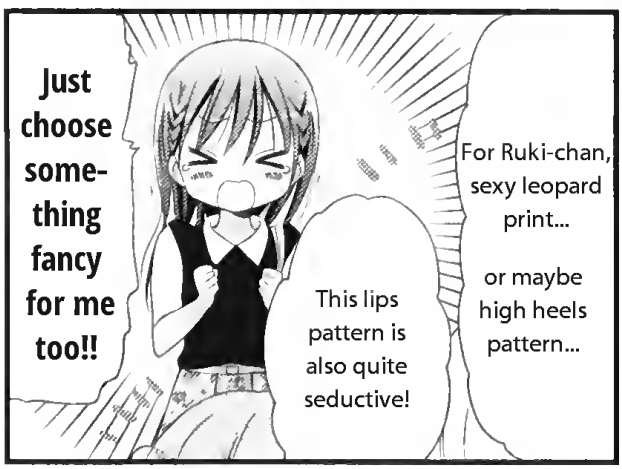




For Tsubasa -san, based on the name, birds, perhaps...?
Kaosu-chan likes cats, so here's cat pattern.
This one with donuts is Koyume-chan-ish.
Alright, I'll buy that.

TN "tsubasa" means "wing"

she gradually became unable to join the conversation!!
Because Kaosu-chan only works in digital,
Useful for what~?
Masking tape...



Just choose something fancy for me too!!
This lips pattern is also quite seductive!
For Ruki-chan, sexy leopard print...
or maybe high heels pattern...

Kya
Is that ok, that sounds painful!!
Waa— I want to see that!
I know!
Masking tape is like a ribbon, so perhaps we can use it to tie Kaosu-chan's hair!!
